ATMOSPHERE DURING THE AGM OF BNP PARIBAS

13.05.2015, PARIS

By Julie Hosteing

The AGM of BNP Paribas was mostly dedicated to the explanation of the huge fine that the undertaking had to pay in the USA.

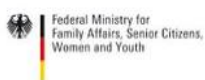

Eventually, the topic of gender equality was never raised, even within the discussion time and we did not get the opportunity to speak up. On the other hand, the group answered the written questions in written form as well and it showed that even if BNP Paribas is not a leading group in this case, it shows efforts to ultimately reach gender equality at the higher level.
