ATMOSPHERE DURING THE AGM OF ARCELORMITTAL

05.05.2015, LUXEMBOURG

By Virginie Isumo

59% of the shares were represented at the AGM, all resolutions were adopted above 95%. Mrs Karyn Ovelmen has been appointed as additional board member. She told me she is very supportive to our initiatives and work. Mr. Aditya Mittal, Chief financial officer (CFO), CEO of ArcelorMittal Europe, separately also thanked us for our questions and wished us success.

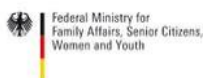

In Luxembourg, gender equality is more and more scrutinized by public authorities and civil society. The nomination of Mrs Karyn Ovelmen as board member of ArcelorMittal is in line with this mindset.
